# The CAED Mastermind Study Club

We cordially invite you to join The Center for Advanced Education in Dentistry, CAED Mastermind Study Club. This is a new concept of study club and continuing education, in which we will provide coaching and discussions. Our main focus will be all aspects of daily clinical practice that we encounter in our pursuit of excellence in dentistry.

Our meetings will be fashioned in a 'coffee-house conversation' setting to allow participants ease of expression and further enhance their dental expertise through discussions and brainstorming. Sessions will begin with a short 15-30 minute presentation on predetermined topics selected by the group. The Study Club will be limited to a maximum of 20 participants to encourage interactions and open discussions. This will be a great way to expand your knowledge, meet new people, and learn new techniques and procedures. We also plan to invite specialists who are experts in their fields to join us as mentors and faculty.
